## Bucksmore

# Academic boot camp for students wanting to apply to a top UK university

Bucksmore Education have been running academic summer programmes for students since 1979, welcoming students from 75 countries to the UK in 2017. Our students are motivated, ambitious, and high achieving, travelling to the UK from top international schools across the world. We work with leading UK universities every summer including King's College London, and multiple Oxford and Cambridge University Colleges. Bucksmore is accredited by the British Council.

In August 2018, Bucksmore are delighted to work with GEMS Education and the Emirates Academy of Hospitality and Management to deliver their first programme in the UAE. The Elite Leadership & University Preparation Programme combines a unique academic leadership syllabus (nominated for a British Council award in 2015) with intensive university preparation skills, including 1:1 advice on where and what to study, as well as how to apply.

The programme is an 11-day 'boot camp' designed to supplement the year-round advice provided by school Counsellors and advisors. Students can choose a boarding, or day option. It takes place in the heart of Dubai opposite the Burj Al Arab Jumeirah Hotel.

This is a unique opportunity for students aged 16-18 to mix with like-minded future leaders, and to maximise their potential to win a place at a leading, globally recognised UK university.

## Location

The Elite Leadership & University Preparation Programme takes place at the Emirates Academy of Hospitality and Management. Boarding students will enjoy accommodation in twin, en-suite bedrooms of a very high standard, with all classes and meals taking place on the campus as well. Day students will have lunch, dinner and all classes on the campus. Bucksmore students will also have use of the outdoor swimming pool and the first class facilities on site, including multiple cafes and outdoor terraces.

Bucksmore staff will stay on site and supervise students 24 hours a day. Separate accommodation is provided for boys and girls.

The Emirates Academy of Hospitality Management (EAHM) specialises in providing business management degrees with a hospitality focus and aims to become the world's leading hospitality management school.
