IELTS Preparation at King's College London

A new exam preparation programme in London

Bucksmore's IELTS Preparation course at King's College London combines English Language tuition with specific exam preparation classes.

Running alongside our Intensive English programme at KCL, IELTS Preparation includes 17.5 hours per week of the specialist Bucksmore Education EFL syllabus, plus 7.5 hours of classes focussed on IELTS exam techniques and practice questions.

Young Leaders

An exciting update to the Young Leaders syllabus

Ideas around leadership have changed significantly since Young Leaders was launched in 2009. Bucksmore has updated its leadership syllabus to reflect these changes and appeal directly to the new generation of global leaders.

From 2022, the Bucksmore syllabus will be based around the Sustainable Development Goals (SDGs) set by the United Nations in 2015. The course will help students to develop key 21st century leadership skills using topics which are increasingly important to modern teenagers.

Bucksmore students will examine and put into practice ideas such as perspective, integrity, communication, collaboration, creativity, and a global mindset. Through the SDG topics, Young Leaders will inspire social consciousness and develop students' passion for change.

Each week will follow a theme as before, however this year these themes will be based on one of the 17 Sustainable Development Goals, which Bucksmore's academic team has deemed to be most relevant to the current global climate:

- Goal 13. Climate Action
- Goal 4. Quality Education
- Goal 3. Health and Well-being
- Goal 1. No Poverty (and Goal 10. Reduced inequality)
- Goal 16. Peace, justice and strong institutions

Young Professionals New Subjects

After the success of Young Professionals over past years, new subjects have been added to accommodate to the feedback and demand of student interests. The options available aim to target the most popular and sought-after career paths of the future.

What's New 2022?

Performing Arts Moves to King's College London

The Performing Arts stream on Young Professionals will be moving to King's College London as a stand-alone course. Taught in partnership with *West End On Demand* (a group of accomplished performers and professionals with a background on stage), this course will provide unrivalled tuition via the classroom and practical workshops.

The move to King's College will give students a detailed insight into life in the Performing Arts industry in the UK's capital city and ensure they receive the true benefit of the full-day workshops at London theatres run by shows such as:

- *Les Misérables* (Sondheim Theatre)
- *We Will Rock You* (Dominion Theatre)
- *Wicked* (Apollo Victoria Theatre)

Updates to the Advanced Studies Programme

For 2022, the Advanced Studies Programme will no longer require students to take 2 subjects per week. Instead, only 1 subject will be taken per week to allow for a more intensive learning experience per subject. Students can still choose to take 2 different subjects across 2 weeks.

This year also introduces 2 x 3-hour university preparation workshops per week focussing on a selection of areas such as personal statement writing, interview skills and university selection.

Students will still benefit from 1 guest speaker per week along with 1:1 tutorials with a personal tutor.

The course includes 25 hours of tuition per week; 15 hours of subject tuition, 6 hours of university preparation workshops along with guest speaker sessions, debate society and 1:1 tutorials.

Key changes:

- Students required to select 1 subject per week
- Introduction of university preparation sessions
- Optional exam preparation tuition for LNAT and BMAT entrance exams
- Course arrival and departure days move to Tuesdays

SUBJECT SPECIFIC EXAM PREPARATION

This year, the Advanced Studies Programme will also offer students the option to take exam preparation classes in 2 major subject specific university entrance exams. The exam classes are available for an additional cost and will give students 5 hours of exam preparation per week:

- Law National Aptitude Test (LNAT) used by universities to assess students' capabilities for studying Law at university level.
- BioMedical Admissions Test (BMAT) used by universities as part of the admission process for Medicine, Biomedical Sciences and Dentistry.
